Flag Prize Explanation

Longest Putt – A prize is awarded to the individual or group who holes the longest putt on a designated hole. Usually men and women are grouped together on the same hole. Recommended holes are 9 and 18.

Closest 2nd Shot – A prize is awarded to the individual or group that hits their 2nd shot closest to the hole (normally on par four holes). Sometimes men and women are grouped together on the same hole. However, sometimes men and women are grouped separately on the same hole or different holes. Recommended holes are 2, 4, 7 and 17.

Longest Drive - A prize is awarded to the individual that hits their tee shot the longest distance (fairway only) on a designated hole. Usually men and women are grouped separately on the same hole or different holes. Recommended holes are 1, 6, 10 and 13.

Closest To The Pin – A prize is awarded to the individual that hits their tee shot closest to the pin (always on par three holes). Sometimes men and women are grouped together on the same hole. However, sometimes men and women are grouped separately on the same hole or different holes. Recommended holes are 5, 8, 11, and 15.

Shortest Drive - A prize is awarded to the individual that hits their tee shot the shortest distance (fairway only) on a designated hole. Usually men and women are grouped separately on the same hole or different holes. Recommended holes are 1, 4, 12 or 17.

Sometimes men and women are grouped together on the same hole. However, sometimes men and women are grouped separately on the same hole or different holes. Recommended holes are 1, 6, and 13.

Scramble Format Explanation

Scramble – (Sometimes, this game is incorrectly called Best Ball, instead of Scramble) - *Four Person Event* - Scrambles are probably the most fun for people to play because you only play the good shots. For a basic format: four-person teams are put together, preferably A, B, C, and D Class players. All players drive from the tee and select the best shot. All players then play the next shot from the position of the selected ball, placing (or dropping) their ball within an agreed-on distance (i.e. one foot, or a club length) from that spot. The same procedure is used on all shots, including putts. Some formats use a rule that if a chosen ball is in the rough, a bunker or water hazard, the designated one foot or club length distance must also be in the rough or hazard. Also, when selecting a ball to be played on the fringe, the other balls must be played from the fringe when placed within the specified distance. This is a gross event. Handicaps are difficult to apply, but the best method is to use thirty percent of the lowest player's handicap, or 10% of the combined handicap of the group.

Having players of varying handicaps play from different tees, lets players of all calibers feel they are part of the team. A high-handicap player can then be as much of an asset as a low-handicap player. A variation requires that every player's tee shot must be used at least three or possibly four times. Another format is that if any given player's shot is selected, he may not play on the next shot. These additions can tend to equalize teams that may have exceptionally strong players on them. No matter what style you use, they are all fun.

Sample Rules Sheet

1. Each group competes as a team for the LOWEST TEAM SCORE for the 18 holes.
2. Enter gross score on app and scorecard.
3. Any order of play may be used.
4. All men will play from the white tees and all women will play from the red tees.
5. Each player's drive must be used on three separate holes.
6. After the best shot is selected, all other balls may be placed within one club length of where the selected ball originally lay, not nearer the hole or on the putting green.
7. If a ball selected lies in the rough, all balls must be played from the rough within one club length of the original point, not nearer the hole.
8. If the selected ball is in a hazard, the selected ball must be played as it lies and all other balls may be placed within the hazard and within one club length of the original point, not nearer the hole (players may rake bunker between shots).
9. On the putting green, all balls must be placed on the spot where the selected ball lay.
10. The score of the first ball holed, even if by mistake, will count and that ends the stroke play for that hole.
11. If a team is short a person, the remaining three players, in rotation, shall each play a second ball on six of the holes.
12. Turn scorecards into golf shop immediately upon completion of play.
13. A tie for first place will be decided by a scorecard playoff (Matching scorecards to determine the winner on the basis of the best score for the last nine holes. If a tie remains, then the winner will be determined on the basis of the last six holes, last three holes, and finally the 18th hole).
